

Dive Operation & Dockside Dive Center

"Rats! My regulator is free-flowing." *No problema, muchacha.* The captain will hold the boat while you head for the last door on the right and drop off your faulty equipment at Dockside Dive Center. Patty will give you a loaner and chances are your gear repair will be complete by the time you get back from the dive. Besides rental and repair, the shop offers a full line of dive gear and gizmos and is one of the top scuba training centers on the island. DDC is also home to Tim Blanton photography and video services. Tim's photo workshop is guaranteed to give you bragging rights to your vacation photos.

Great snorkeling over here

Shed Some Lead – Patty Grier's contribution to your vacation does not stop at the dive shop. Her free buoyancy clinic is the best 25 minute investment you can make. You'll be a better diver and the reef will thank you for it. As a bonus, Patty is the CCV medic, an EMT with the Roatan Fire Department, and active with the Roatan Marine Park. She asks that you be a responsible and safe diver, join D.A.N. before you leave home and reserve your rental gear and classes in advance. You can do both through the DDC web site at www.docksidecenter.com.

Playa Miguel Beach House BH-10

Here too!

CoCo View Wall

Oceanfront, Over-Water or Even a House!

With only 26 rooms and the largest repeat guest track record in the Caribbean, CoCo View runs full most of the year. But don't panic. Even if you waited too long to book, you may still have options. The Playa Miguel Beach House rentals, right next door, are owned by CoCo View regulars who are happy to help out with accommodations. Rent the house directly through our reservations office and purchase the resort plans you need for meals and diving, or use our Special Beach House Wait-list program. For the price of an over-water room, you may end up in a fully furnished ocean-front two or three bedroom home, a great deal!

More Fun Stuff to Do

Dive, eat, dive, dive, eat, dive, dive, eat, night dive, go to bed. Wake up and repeat. Right? Sure, some of our guests believe CoCo View = Scuba Diving = The Meaning of Life, and we are unashamably the best at making that equation work out. But your vacation must be what you want it to be. Our real job is to make your vacation as relaxing, carefree and as much fun as possible... just for you. Miss the dive boat any time you want to. Some of our favorite guests neither dive nor snorkel. They just love our "away from the crowd" ambiance and are comfortable with the knowledge that all is safe and well in Paradise. Besides the

on-site local entertainment, great buffet meals, and local artisans who visit daily, feel free to take an island tour, visit the iguana preserve, join an informal group or enjoy a private dinner at a local restaurant. Try your hand at deep sea or light tackle fishing, explore the forest canopy on a zip line or visit a popular north shore beach. Want to rent a car and do a self tour? Just let the office staff know. Your car will be waiting for you at the landing... and all the scuba diving and snorkeling you care to do will still be here when you come home.
